The Story of Boomer Health, Wealth & Legacy Inc.

Since 2020, Boomer Health, Wealth & Legacy Inc. has served the healthcare industry with its Caregiver Lifeline Academy and Community. Boomer Health, Wealth & Legacy Inc. held its first Successful Caregiver Conference in December 2021 followed by a second in April 2022 which was independently produced with more events on the horizon.

Before working with CLEAR Acceleration Inc., Boomer Health, Wealth & Legacy was having trouble reaching and attracting its target market. There was a lot of action, but the results weren't coming fast enough and they were struggling to enroll people into the community and membership site.

Boomer Health, Wealth & Legacy decided to work with Christine because of her extensive sales, marketing, and business acumen. Mary Elaine and Christine belonged to a networking group where Mary Elaine recognized Christine's professionalism, energy, and extensive knowledge. In addition, Mary Elaine saw how well respected Christine was in the community and how other members spoke highly of her expertise to make a difference in their businesses.

The Challenge of Creating A Vision and Identifying A Target Market Before Working With CLEAR Acceleration Inc.

Mary Elaine was ready for Boomer Health, Wealth & Legacy to grow but she knew that she needed help. The business wasn't reaching or attracting its target market, there was a lot of action happening without any measurable results, and the membership site wasn't generating enough sales. Given enough time and energy, Mary Elaine probably could have overcome these obstacles but she knew that getting help would be the best way to get results sooner.

Why Boomer Health, Wealth & Legacy Chose CLEAR Acceleration Inc.

In her search for a way to accelerate the growth of her business, Mary Elaine looked for and invested in many different 1-on-1 and group options and programs that didn't give her what she was looking for. After seeing how well respected Christine was in the community and how highly others spoke of her expertise to make a difference in their business, Mary Elaine decided to work with Christine to improve her sales, marketing, and business acumen.

*"I saw her professionalism, energy, and extensive knowledge in several businesses to assist me in focusing more specifically on standing up, being more present with my target market, and my messaging to clients."

"Christine has helped me with clarity, and confidence, and as a result opened new doors for me to make a bigger impact in the world.

Christine worked with me where I was and encouraged me to proceed with my mission and implement strategies to fulfill my family legacy.

Christine's support has helped me to build more confidence and belief in myself.

I am now offering health sharing and mindset programs for caregivers so that they can reduce their healthcare costs and work through their trauma and limiting beliefs, and implement strategies to live more purpose-filled lives.

These programs were not on my radar a year ago prior to working with Christine. It is exciting because I know they will provide significant value and impact in the caregiving community while creating more income to meet my financial and family legacy goals." Mary Elaine Petrucci
